Reimagining US-India ties: Investing in mutual strengths

Friday, 27 September, 2019

Venue: Chou Hall (Spieker Forum, 6th Floor), Haas School of Business, UC Berkeley

India-USA relationship has grown exponentially during the past couple of decades, particularly in the area of business. There are enormous opportunities for mutual investment and trade waiting to be capitalised on. India offers American companies an enormous market for consumer items, defence equipment, infrastructure, education and technology while the American companies can tap into India's enormous talent pool and expertise in frugal production. The ideological and geopolitical incentives for mutual cooperation are also vital and the two countries need to work together to support political and economic prosperity in Asia. The 4th US-India Conference will highlight the bilateral and global opportunities available to the two countries and explore the areas of mutual cooperation in the new world order.
