About the Programme

Unleash the Power of AI to Transform Your Business

Join AIMA for an exclusive 3-day retreat in Goa from 8 - 10 February, 2026, crafted specifically for Decision Makers. Discover how AI can drive innovation, fuel growth, and redefine operational excellence in your organization.

Immerse yourself in strategic insights, actionable tools, and the latest trends in digital convergence, where AI and social media integration are reshaping industries and unlocking new opportunities.

Don't miss this opportunity to gain the edge in today's fast-evolving business landscape. Reserve your spot now!

Why Attend?

This Three-Day AI Workshop for Decision Makers & CXOs is meticulously crafted to equip participants (limited to just 20-25 delegates) with strategic insights into leveraging AI for business growth, innovation, and operational efficiency. Here's what you can expect:

- **Clarity on AI Strategy:** Learn how AI can address key business challenges, drive value, and foster innovation within your organization.
- **Personalized AI Roadmap:** Develop a concrete, actionable plan for AI adoption tailored to your organization, with guidance from mentors.
- **Awareness of AI Risks and Ethics:** Gain insights into navigating AI challenges responsibly, ensuring ethical implementation aligned with business goals.
- **High-Impact AI Opportunities:** Identify transformative AI use cases within your industry, aligning them with ROI metrics and strategic priorities.
- **Networking with Experts:** Build lasting connections with AI pioneers, industry leaders, and peers to foster collaboration and innovation.
- **Next Steps for AI Adoption:** Develop AI partnerships and leverage external expertise and also finalize an AI implementation roadmap for your organization.

Workshop Goals
- Understand AI's strategic potential to deliver business value.
- Identify high-impact AI opportunities for your organization.
- Align AI initiatives with business goals, ROI metrics, and ethical standards.
- Build a comprehensive roadmap for AI implementation and team management.
