50th National Management Convention

AIMA's flagship event - is a mega two-day programme that addresses a topical theme of national importance every year. The Convention focuses on current events; and is addressed by eminent speakers, including Ministers, CEOs and Thought Leaders from different spheres of life, who share their views with participants through interactive sessions.

AIMA's 50th National Management Convention is being organised on 26-27 September 2023 at Hotel Taj Palace, New Delhi. The theme for the Convention this year is 'Vibrant India: Reimagining the Indian Dream'. New India needs a new dream - a dream of being a country with high standards of living for every Indian, a dream of being an evolved country that offers the world new models of economy, democracy, governance, technology and culture.

A Gala Evening will also be organised on the 26th September this year as a Special Event and the Managing India Awards (to those Award winners who could not join us in April) will also be presented during the Gala evening.

About Convention theme

Vibrant India: Reimagining the Indian Dream

The world is churning again. The self-doubts of the west and its bid to retain control of the world, the gung-ho aspirations of the east, renewed boundary conflicts, proliferation of ethnic nationalism, competitive protectionism, breakdown of multilateral institutions, resurrection of borders to avoid disease, and technological acceleration of economy are proving to be more than a passing phase. A reordering of the international and national landscape is underway and, for the moment, it is a chaotic world out there. Old rules are being broken and there is a lack of consensus on new rules fit for the 21st century. India needs to figure out ways to adapt to this churn, preferably have a say in the setting of the new rules. India's political, policy, business, technological and cultural leadership need to continuously align and realign their attitudes and actions as the passions and formations change. The fresh reset of the world offers India an opportunity to reposition itself in global affairs and reinvent itself at home for greater economic growth, territorial security, and international influence. India is being wooed by every geopolitical and economic power and it is in a rare position to drive a hard bargain. India must not let this advantage slip.

About AIMA

The All India Management Association (AIMA) is the apex body for management in India with over 38000 members and close to 6000 corporate /institutional members through 67 Local Management Associations affiliated to it. AIMA was formed over 60 years ago and is a non-lobbying, not for profit organisation. It works closely with industry, Government, academia and students, to further the cause of the management profession in India; and is represented on a number of policy making bodies of the Government of India and national associations. AIMA offers various services in the areas of testing, distance education, skill development & training, research, publications, executive education and management development programmes – both in the physical and virtual mode. In addition, AIMA brings to the Indian managers, the best management practices and techniques through numerous foreign collaborations with professional bodies and institutions.
