About National Management Games (NMG)

NMG is a unique platform for Corporate Managers to experience the thrill of Managing Business in competitive mode. It is one of the most awaited and prestigious annual event based on Business Management Simulation, organised by AIMA. The participants get exposed to the intricacies of running a company with a focus on resource management, market trends, cost analysis, product positioning, production planning, inventory control etc.

- A team of maximum 2-3 members participate in preliminary round on both the days.
- Functional heads are appointed by the team to adopt the roles of CEO, COO, CFO or CMO.
- Each team represents an enterprise.
- A hypothetical business case is presented to each team with economic data and financial reports.
- Each team works out a strategy in operations, marketing, finance and product development with an aim to reach the pre-set goal.
