

GLOBAL ADVANCED MANAGEMENT PROGRAMME

Expanding Markets by
Leveraging Emerging
Technologies

23-29 June, 2025
Silicon Valley, USA

Programme Background

The global disruption of the past couple of years has changed business and business leadership. There is a great urgency about adapting to new business models, new competitors, new customer needs, new social priorities, new policies, and new regulations. Business leaders are required to attend to transformation across products, processes, personnel, structures, systems, relationships, supply chain, and market access in order to keep up with frequent change and navigate radical uncertainty. AIMA's Global Advanced Management Programme (GAMP) is designed to help business leaders appreciate the emerging trends and work out the most appropriate open innovation strategies taught at UC Berkeley to stay ahead of the pack.

Academic Sessions
at UC Berkeley -
Deep dive into Open
Innovation and well
researched sustainable
business models

Visits to Silicon Valley's leading companies -
Immersive visits to some of the world's most innovative companies

Interactions with Industry Leaders - Closed group interactions with some of the most eminent thought leaders, futurists and researchers

Output focused programme – At the end of the programme, delegates present new business plans for their companies to a jury of Silicon Valley veterans

Some of the companies visited

AIMA's Global Advanced Management Programme (GAMP), hosted in the vibrant tech hub of Silicon Valley, California, equips industry leaders with cutting-edge open innovation strategies to understand and stay ahead of emerging trends in the business world.

Programme led by
Solomon Darwin

Executive Director, Garwood Center for Corporate
Innovation, Haas School of Business, University of
California, Berkeley

Programme Objectives

- Identify opportunities for profitable growth.
- Respond and adapt to the challenges in the changing landscape due to rapid global economic trends.
- Examine the latest concepts, ideas and tools to help them align their business practices with global economic developments and conditions.
- Learn to build sustainable and innovative business models.

Upon the successful completion of the programme, participants will be conferred a Global Advanced Management Programme Certificate awarded by All India Management Association.
